Hello Shannon – the meeting described below was cancelled due to constraints on our end. I apologize for the inconvenience.

I just spoke with Rick – and we are now in a position to reschedule this meeting. Sorry for the extra work – but if you could find time available for Rick and the folks he has in mind to attend, that would be greatly appreciated.

Just let me know what days/times might work on your end. Thanks so much for your work on this!

Best Regards,

**Subject:** Meeting Request - Dow with USEPA-OPP Leadership

Hello Shannon – I spoke with Rick K. this AM about a couple of us from Dow AgroSciences coming in for a leadership meeting with Rick and some of his staff to discuss a new herbicide technology that our company has been developing.

Rick can explain more about the project and who he would like to invite from OPP. From Dow AgroSciences it would be just myself and Joe Vertin – our global business leader for herbicides.

Can you please see what time slots might be available? Our best timing would be during the week of **September 11<sup>th</sup>**.

I think one hour would be adequate to cover the topic.

Thanks for your work on this! Please let me know what times might work. If we need to look at a different week – just let me know.

Enjoy your weekend!

Best Regards,
